

Our Roots

We at Trees got our start by spending the time to carefully select each bean used in our café; taking great pride in our extensive coffee bean selection from around the world, which are all Organic, Natural Shade Grown, Bird Friendly, Hand Picked and Fair Trade. But our beans are only the beginning of our dedication to serving the perfect cup. In order to enhance our great coffee beans we carefully roast all our coffee on premise. By ROASTING THE COFFEE ON-SITE, in small batches we can ensure the freshest, highest quality product and gauge the flavour to suit any palette.

TREES Organic Coffee invites you to participate in the ancient romance of coffee, the way it was meant to be.

Always 100% **ORGANIC, FAIR TRADE & FRESHLY ROASTED** in **SMALL BATCHES.**

Peru

An excellent overall coffee with full flavor, great body and aroma.

Mexico

A dark to medium body with a delicate dry chocolate flavor.

Sumatra

Famous for its intensity with a rich, bold and robust flavor.

Swiss Water Decaf

Processed without the use of chemicals, this flavorful coffee gives you all the taste with none of the caffeine.

to **Trees Organic**
COFFEE & ROASTING HOUSE
